Sage Peachtree 2012

Release Overview

Sage Peachtree is the accurate, easy-to-use accounting software that provides the insights and control you need. With the Sage Peachtree internal accounting checks, comprehensive audit trails, module- or screen-level security, and robust reporting, you get the accuracy, control, and information you need to make decisions that help increase profitability.*

This release of the Sage Peachtree product line helps you **get to your information faster**, simplifies everyday tasks so you can **get the right work done**, and provides tools to help you **make informed business decisions**.

**Features vary by product. Please visit www.peachtree.com for a list of specific product features.*

NEW! **Copy Transactions**

Quickly create a new transaction based on a previously saved one, allowing you to easily make modifications instead of manually recreating every line item. This feature is available on seven screens: Quotes, Sales Orders, Proposals, Sales Invoicing, Purchase Orders, Purchase Invoices, and General Journal Entries.

IMPROVED! **Expanded Payroll Fields**

More fields on both the employee and employer/company payroll records allow for recording of additional benefits, deductions and liabilities, and help customers comply with legislative requirements, such as the Health Care Act of 2010. There are now a maximum of 40 fields available for each, up from 30 employee fields and 10 employer/company fields.

IMPROVED! **Management Center Enhancements**

User-friendly enhancements to how information is viewed and used within the customizable My Dashboard and Management Centers. Includes automatic totaling of columns from transaction lists, changing the number of lines displayed within each module in the customized view, and making it easier to find default and selected items in a scrolled down list when filtering for information.

NEW! **Sage Advisor**

Sage Advisor helps customers experience the full value of their software investment. Through personalized dashboards, engaging “show me how” videos, on-screen help and other business resources Sage Advisor helps customers learn more about their Sage Peachtree product, discover new ways to simplify their processes, and obtain valuable business advice.

NEW! **Sage Peachtree Business Intelligence**[1]

Sage Peachtree Business Intelligence is a reporting and analysis solution integrated with Sage Peachtree. Using the familiar interface of Excel, it enables more robust, custom reporting and easier access to Sage Peachtree data.

Sage Peachtree

NEW! Vendor Management Center

Gain greater visibility into all the information you need for a specific vendor on one customizable dashboard.

NEW! Easier Network Installation

A more efficient installation option for multi-user versions of Sage Peachtree that allows you to run multiple workstation installs simultaneously while greatly reducing the number of steps required.

NEW! New My Dashboard Modules

Eleven new modules for My Dashboard -- including General Journal Entries, Inventory Adjustments, Payroll, Assemblies, Purchases Received, Top Vendors, and Item Purchase History by Vendor -- push its value beyond the sales team and into the purchasing and operations groups, allowing more people in the organization to work better and faster.

NEW! System Check

An early warning and monitoring tool to help identify potential Sage Peachtree application issues and offer advice on how to resolve them, thereby increasing peace of mind and preventing possible downtime or lost productivity.

IMPROVED! Workflow Automation

Establish default assignments for all of your Sage Peachtree transaction statuses to ensure that work is routed to the appropriate person at the right time. Easily view and add transaction tracking notes from the Customer Management Center.

[1] Additional fees required. After the sixty day free trial, the service is only available with Sage Peachtree Complete Accounting and higher products.
