Presenting: Northbrook Consulting Group Inc.

Northbrook Consulting Group links today's technology and strategies to provide results for a better tomorrow. The firm specializes in furnishing targeted Business Management software to meet their client's needs not only for today, but the future as well. As everyone knows, without the proper training and back up support even the best software has limitations. So, NCG is always there with their specialized support and training.

When it comes to E-Business, firms continually rely on Northbrook Consulting Group. NCG assists them with a number of E-Business requirements including innovative web site design and key economic strategies. In addition, Northbrook Consulting Group assists their clients with computer hardware needs and other software requirements. It's easy to see that linking technology and Strategy for results, is what Northbrook Consulting Group is all about!

To provide clients with superior software services, Northbrook Consulting Group partners with three of today's foremost business software suppliers. This association provides firms with the business solutions they need at a price they can afford. Look at the strategic firms that are part of NCG team.

Sage BusinessWorks Accounting 50 is a full-featured, intuitive, flexible and reliable, business management/accounting software package for small and medium sized businesses. Small corporations and organizations find it extremely suitable for their needs because of its versatility. By combining high-end functionality and ease of use, at a price that is a fraction of other modular systems, Sage BusinessWorks is a great software value.

Peachtree by Sage Accounting has many of the features of BusinessWorks but is geared for the smaller business. There are several vertical market configurations bringing business management and reporting tools tailored for businesses and not-for-profit organizations in these markets.

As an ACT! Certified Consultant, NCG serves small to medium-sized businesses with the installation, customization, training and troubleshooting of **ACT! by Sage**. We will work with you to analyze your business needs, then design and implement a customized contact management database solution for your organization. Our goal is to increase your sales and profits by helping your sales people sell more effectively and intelligently.

Regardless of the client's needs and requirements, Northbrook Consulting Group is available to assist with solutions that link technology and strategies for results. And . . . when you get down to the bottom line, let's face it, it the results that count!

Outlining: What We Can Do For YOU.

When it comes to business, eventually everything comes down to the bottom line. And . . . when talking about the bottom line, executives usually key in on two major areas. Solutions and results. At Northbrook Consulting Group we're no different. We are committed to providing our clients with the business technology solutions they need to get the results they desire—with tools we provide or those they already have.. It's that simple.

NCG tailors our services and software products to exceed your requirements. We don't provide stock, template, quick fixes. We develop specific strategies for each of our clients' particular situations and then work with the client so they understand and can benefit from our solutions. Look at just a few of the ways Northbrook Consulting Group can be of benefit to your company.

- *Developing of services to your specific requirements does away with trial and error fixes.*
- *Supplying the right tools for your business and showing you how to use them.*
- *Coordination with your staff and key people means they are part of the solution.*
- *Our Virtual Visit™ capability allows us to work with you as if we were at your side—at a moment's notice, and with no travel time or cost.*
- *Furnish Results . . . not voluminous reports. You're too busy to read consultants' reports.*
- *Although we're there for support, when our work is done, you are ready to progress independently.*
- *Most clients are independent within 30-60 days after software conversion.*
- *As members of the Institute of Management Consultants, we strictly adhere to their code of ethics.*

Northbrook Consulting Group . . . Linking Technology & Strategy for Results.
